

Nelson & District

CREDIT UNION  *Logically. Locally.*

Central 1 is in the process of a migration to an updated version of MemberDirect home banking. The new version is expected to go live September 15, 2008.

New Online Banking URL

As a Member you may prefer to bookmark the direct URL (website address). These bookmarks will not work after 90-days following September 15, 2008:

- First 30 days: Automatic redirect to the new MemberDirect 6.0 URL.
- Last 60 days: Automatic redirect to a landing page for 10 seconds. The temporary landing page advises members that the online banking URL has changed and reminds members to update their bookmarks with the new URL. After 10 seconds, members will be automatically redirected to the MemberDirect 6.0 website. **Please be re-assured that this is a legitimate prompt to make you aware of the update to the new version of MemberDirect.**
- After 90 days following the release to the new URL, the Version 5.1 URL will no longer be redirected or operable. **In the event that you have not updated your bookmark to the new MemberDirect version after 90 days you will come across an inoperable site. Please visit nelsoncu.com and re-enter home banking through the MemberDirect link on our homepage. Once you access MemberDirect through the front door via our website you can bookmark the new URL (web address).**

Visible Changes to Members

Minor User Interface Changes

MemberDirect usability has been enhanced with **minor visual changes** to the confirmation and receipt pages.

Cheque Images Display in Popup Window

Cheque images display in a **new popup window**. Members will be able to print these images, using the print feature of their web browser.

Faster Page Loads

The look and feel of the user interface has been simplified which should result in **faster web page load times**. In particular, dial-up customers may notice improved performance.

Please do not hesitate to contact your local branch if you have any questions regarding this MemberDirect update:
