

School Starts Next Month!

Over the last 15 years, Canadian tuition fees have tripled. Tuition for a four-year degree in BC is close to \$20,000; factor in living expenses and you'll be looking at over \$50,000.

Do you have a plan to help you, your family or your friends save early for a child's Post Secondary Education?

Personal Planning & Government Grants Can Help!

The sooner you start to save, the more your money can grow. By contributing up to \$2500 per year to a RESP (Registered Education Savings Plan) you can receive the maximum Canada Education Savings Grant. That's \$500!

For qualifying families, any child born after Dec. 31, 2003 may receive a \$500 Canada Learning Bond and \$100 per year thereafter for 15 years.

Whatever strategy you choose, be sure to contact our Wealth Management Team and grow your RESP investment.
